

GAZELLE G9405 Mini Temperature & Humidity Meter

Maintaining the right comfort levels of temperature and humidity is the common factor of good indoor and outdoor air quality. The G9405 can help to perform quick and accurate humidity and temperature readings. The best tool for facility maintenance and utility technicians, HVAC technicians, and consultants who monitor and check indoor air quality. Compact design and easy to hold, makes the G9405 the right tool for technicians on the go.

- Temperature measurement range: -10~60°C/14~140°F
- Humidity measurement range: 0~100%RH
- Light weight, ergonomic design, user-friendly interface
- MAX/MIN modes, auto power off, low battery indication

Functions	Range	Resolution	Accuracy
Humidity	0~99%RH	0.1%RH	±5~RH (0~99%RH)
Temperature	-10~60°C 14~140°F	0.1°C 0.2°F	±1.0°C ±2.0°F
Features			
Sampling Rate	0.5s		
Unit Conversion	°C/°F		
LCD Backlight	Yes		
Battery	AAA 1.5V*3 batteries		
Working Environment	Temperature : 0~40°C Humidity: ≤80%RH		
Storage Environment	Temperature: 20~60°C below Humidity: ≤75%RH		
MAX/MIN	MAX/MIN		
Data Hold	HOLD		

Standard Accessories

- Operating Manual
- 1.5V AAA - 3pcs
