

Vernier calipers, general shape

Article number: 160-102

Pictures

Description

This caliper in general form is available with or without a fine adjustment device and offers you the following advantages:

- On the metric-only models, the upper offset vernier scale allows you to read the internal dimensions directly without having to add the width of the measuring jaws

- The satin chrome surface of the main and vernier scale ensures good legibility

specifications

With locking screw on top:	Yes
