Description

This caliper in general form is available with or without a fine adjustment device and offers you the following advantages:

- On the metric-only models, the upper offset vernier scale allows you to read the internal dimensions directly without having to add the width of the measuring jaws
- The satin chrome surface of the main and vernier scale ensures good legibility

specifications

With locking screw on top:	Yes
Graduation value:	0.02mm/ 0.001"
Inside measurement of:	10.1mm
Limit of measurement error E MPE:	±0.04mm
Limit value of the measurement deviation S MPE:	±0.04mm
Scope of delivery:	Delivery in a box
Weight:	450g _
